Subject: Male circumcision

It is my understanding that there is a move within your parliament to ban this long-standing and benign practice of male circumcision. I urge you to stop or defeat such a move. In fact the American Academy of Pediatrics has determined the health benefits far outweigh any negative concerns.

Any such ban is a direct anti-Semitic attack as well in my opinion.

With best wishes and blessings,

Dean John Tyrrell+

Chaplain Barrhead and Westlock RCMP Detachments

Secretary-Treasurer CPCA

The Very Rev. John Tyrrell, CD

Dean Emeritus, Cathedral of St. Paul,

Nicosia, Cyprus
